ABOUT US :

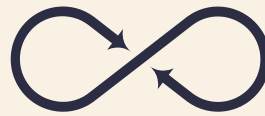

Modecor industries pvt ltd, founded by two aspiring entrepreneurs, strives to provide world class edge Band for the generation nut furniture solutions. We create long-lasting furniture solutions for our loyal customers.

PVC edgebanding provides a strong and durable way to seal board edges; it is extremely durable, can absorb impacts, and has a high scratch resistance. It is also resistant to UV light and chemicals. PVC is also self-extinguishing, so it will only burn when ignited by another source.

WHY MODECOR?

Listed below are a few of the reasons why you we are the most preferred manufacturer of PVC edge band tape in the industry :

- Complete in house production
- Wide range of products.
- Fastest lead time
- Lowest cost products
- Exceptional customer service
- Efficient and knowledgeable team
- Cutting-edge infrastructure

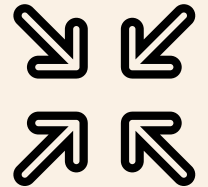

Flexibility

Our edge band solutions can bend easily as per your requirement.

Durability

Our solutions can withstand all climates, scratches and remain intact in colour over the years.

Least Wastages

Our solutions have a clean look and edges to minimise Wastages.

A MESSAGE FROM OUR MANAGING DIRECTOR

Welcome to Modecor!

At Modecor, our mission is to bring the finest PVC edging solutions to designers, manufacturers, and innovators across the UK. As Managing Director, I am proud to lead a team dedicated to delivering products that blend durability, modern aesthetics, and sustainability. Our high-quality PVC edgings, manufactured in India and tailored for the UK market, reflect our commitment to excellence and global standards.

We understand that every project is unique, which is why we emphasize quality and adaptability in all we do. Our goal is to provide solutions that inspire creativity and enhance functionality. With a focus on innovation and sustainability, we have streamlined our supply chain to ensure efficient, eco-conscious operations that align with our values and the evolving needs of our partners.

Thank you for choosing Modecor as your trusted partner in design and manufacturing. We are excited to collaborate with you to bring your visions to life. edging solutions in the UK.

INFRASTRUCTURE

Modcor is one of the nation's biggest manufacturing units, and our manufacturing unit is equipped with the most advanced machines and equipment to process raw materials and thus produce high-quality output. The company's workforce includes renowned engineers and designers, as well as a variety of skilled and unskilled labourers. We have our own warehouse, which was built with the most recent safety and security measures in mind.

EDGE BAND

Modecor Edge Band is the leading and largest manufacturer of edge bands, with an impressive daily production capacity of 800,000 meters. Utilizing high-quality European UV coatings, Modecor delivers a flawless finish that seamlessly complements the leading laminate and pre-laminate manufacturers. Over the past decade, Modecor has been at the forefront of design innovation, catering to the rapidly growing domestic and international markets. Since 2021, the company has risen to become the largest edge band manufacturer in just three years. Modecor is renowned for its premium PVC edge banding solutions, making them widely accessible to both retailers and carpenters. One of its key strengths is its ability to offer full customization, including color matching and any size specifications. Additionally, Modecor edge bands are designed to be machine-friendly, contributing to longer-lasting machine parts such as blades and buffing units.
